**TRANSMITTAL OF DRAWING CORRECTION**

Commissioner for Patents  
Washington, DC 20231

Dear Sir:

Submitted herewith is one set (three sheets, seven figures) of corrected drawings for filing in the above-identified patent application.

The Examiner objected to Figures 1-4 as not being labeled -- Prior Art--. The Examiner objected to the drawings because element 15 is shown inside element 12 (rather than a coating or film). The proposed drawings label Figures 1-4 as "Conventional Art" and the new drawings show element 15 on element 12 in Figures 5 and 7. No new subject matter is believed to be added by the proposed new drawings.

Favorable consideration of the enclosed drawings is respectfully requested.

Dated: January 22, 2003

Respectfully submitted,
